

March Against Monsanto

(Music & Lyrics by Peter Marchand)

Refr.: We march against Monsanto
We march on every street
We don't want to feed Monsanto's greed

They spoil our soil
With their GMOs
Pretending there are no side effects

They promise to end
Hunger in the world
Experimenting with all human kind

Refr.: We march against Monsanto
We march on every street
We don't want to feed Monsanto's greed

They lie to us
And poison our food
With priority on their profit

They try to manipulate
Public opinion
With their economic power

Refr.: We march against Monsanto
We march on every street
We don't want to feed Monsanto's greed

Suing all the farmers
For growing organic food
But killing the bees with their pesticides

And all their allies
McDonalds, Bayer and DuPont
We will stop you with our fight

Refr.: We march against Monsanto
We march on every street
We don't want to feed Monsanto's greed

(3x)
